

Z Tools

DCIV

PRODUCT INFO

PRODUCT NAME:

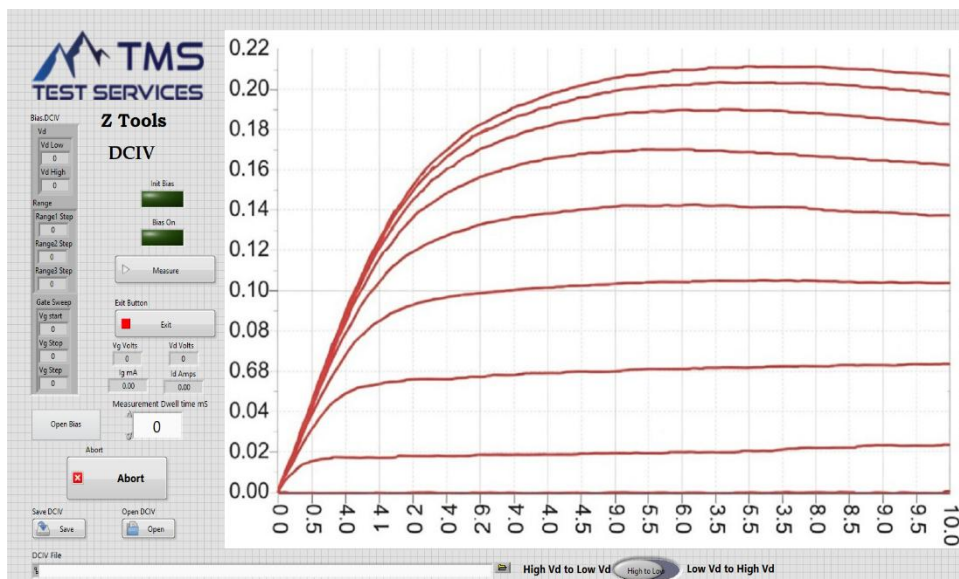

ZTools-DCIV

Version: 1.0

PRODUCT CATEGORY:

RF Engineering
Productivity Software

RETAIL PRICE: \$1,500

KEY FEATURES

- ✓ **Unlimited DCIV Curves**

Sweep data points only limited to your PC memory size, and not software limits
- ✓ **Support for Trapping**

User can sweep the drain from high to low or low to high on devices with trapping
- ✓ **Sample Rate Control**

User can independently set the sample rates for each of 4 voltage zones.
- ✓ **CSV Export**

Gate current included in data exported

DCIV Toolbox

Z Tools has NO software limits to the number of datapoints and step sizes available. Any step size and number of samples can be selected until pc memory is full. The total sweep is broken up into 4 voltage zones. User has independent control of the step size used in each zone.

For devices with trapping, Z Tools allows the user to sweep the drain either High to low or low to high. Export to excel in a CSV format. Export data includes Gate Voltages, Gate Currents, Drain Voltages and Drain Currents.
